Subject: Talking pts - Mon 11/19 Hunters Point weekly call at 12:15 pm
Attachments: 2018-11-19 - OCII and SFDPH Talking Points.docx

Dear Maeve,

Thank you for drafting these.

Re communications, Here are other potential topics:

"Inside EPA" questions/response sent I think Wed 11/14, but I haven't seen any stories that have run. Maybe you can double check emails from Soledad if any new press since the last call 2 wks ago.

Mark (Industrial Hygienist) got soil sample rad results from Bldg 606. He did not have concerns about the results, but he asked EPA to independent review, I said ok, but he should also send to Navy, DTSC, & CDPH. He said he would do that. I haven't gotten from him yet.

Maybe you can ask City if they have heard updates re the Navy request to HOA to reschedule 12/6 mtg → 12/12. And ask about any updates re 1/28 CAC mtg.

Also, a wk ago I asked Brent who won the election for Supervisor for District 10, but I never heard back. Maybe you can check yourself or ask City about who won and anything they know about the winner? And the transition process? Last I heard from Kasheica the new supervisor would be inaugurated Jan 2019. I haven't checked if Malia Cohen won election for State Board of Equalization. Either way

Probably not necessary to go into this level of detail, but in case they ask, Lawrence told John that Navy will send draft PRGs early this wk. I have lined up EPA rad technical staff to review during Thanksgiving week. I invited Navy to conf call 11/26 to discuss, but not heard back from Navy.

Subject: RE: Amy and Rachael will be available for the Mon 11/19 Hunters Point weekly call at 12:15 pm

Please see attached draft talking points. Do we want to provide any communications updates?

Thanks!

Subject: FW: Amy and Rachael will be available for the Mon 11/19 Hunters Point weekly call at 12:15 pm

Dear Maeve,

Angeles said this afternoon she was willing to do the call, even if not as many people are available. Will you be able to work on talking pts?

For Parcel G draft final Work Plan (now including SAP). we have conf call w/Navy 11/20 to discuss regulator comments. We have comments on the SAP that we expect will not be difficult to incorporate.

Five Year Review. The Navy plans to send draft analysis of rad cleanup standards soon. EPA will review.

Subject: Amy and Rachael will be available for the Mon 11/19 Hunters Point weekly call at 12:15 pm

Is that enough to go ahead with the call?
